New Tab

CONDITIONAL ACTIVITIES ON VLE

How it can make managing your course easier

what is it?

Conditional activities enable teachers to restrict the availability of any activity according to certain conditions such as dates, grade obtained, or activity completion.

When it is enabled by the administrator, a "Restrict access" setting appears in the settings of activities or resources.

How to enable conditional activities in your VLE course

Restrict Access

Add restriction...

Add restriction...

Activity completion	Require students to complete (or not complete) another activity.
Date	Prevent access until (or from) a specified date and time.
Grade	Require students to achieve a specified grade.
Group	Allow only students who belong to a specified group, or all groups.
User profile	Control access based on fields within the student's profile.
Restriction set	Add a set of nested restrictions to apply complex logic.
