

N-108 Care for Clients with Problems in Adaptation and Adjustment
1st Semester, AY 2024-2025

Guidelines for Secondary-Level Clinical Experience

CLINICAL OBJECTIVES:

Given an individual with problems in psychosocial adjustment, the student will be able to:

1. Establish trust and rapport with the patient.
2. Utilize therapeutic communication techniques in the nurse-patient interaction.
3. Assess the health status based on the following:
 - psychiatric nursing history
 - anamnesis
 - mental status exam
 - diagnostics exam
 - physical assessment
 - psychodynamic paradigm
 - other psychiatric assessments
4. Analyze client data utilizing various theoretical perspectives
5. Formulate a plan of care based on priority nursing diagnosis
6. Implement appropriate interventions such as:
 - Promoting ADLs and self-care activities
 - Milieu therapy
 - Psychopharmacology
 - Psychoeducation
 - Socialization
7. Evaluate psychiatric nursing care rendered
8. Record data accurately
9. Demonstrate integrity, culture and gender sensitivity and respect for human dignity in client care.
10. Identify opportunities for collaboration with other healthcare professionals
11. Mobilize resources for continuity of care

CLINICAL POLICIES:

1. All students will report to the clinical area 15 minutes before the scheduled duty. A student is considered late if arrival is 1-15 minutes after the designated time of the clinical rotation. The student who reports to the area 15 minutes after the start of duty is considered absent but can continue to work in the clinical area.
2. The uniform is the prescribed UPCN hospital uniform WITHOUT the apron for the PGH-W7 groups and the COMPLETE UPCN hospital uniform for NCMH groups. Well-pressed uniform should be clean. Observe appropriate grooming.
 - For females: do a hair bun for long hair, apply light make-up, wear a wristwatch with a second hand, avoid wearing jewelry, trim nails, and avoid nail polish. Hairpins/strings will be colored black or dark

- For males, fix their hair neatly, have no mustache or beard, wear a watch with a second hand, avoid wearing jewelry, trim nails, and avoid nail polish.
3. Written requirements will be submitted depending on the date/time agreed upon by the faculty.
 4. The minimum passing grade for secondary clinical duty is 70.
 5. You should embody the UPCN core values of integrity, Nationalism, Caring, Excellence, Learning, and Leadership.

HEALTH AND SAFETY PROTOCOLS

1. The students are required to wear a KN95 mask all the time.
2. The students are required to report to UPM BESTS daily in the morning and afternoon before the start of clinical duty.
3. If the student is experiencing any COVID-19-associated symptoms, they are NOT ALLOWED to go on duty and should inform their FIC and wait for further advice.
4. Suppose the student had a known high-risk exposure to COVID-19. In that case, they should inform their faculty in charge but if they are not experiencing any symptoms they could still come for duty as long they will maintain strict safety protocols and monitoring of symptoms.

Secondary-Level Clinical Schedule

Day	Activities	Requirements
Day 0 (Pre-duty)	Wellness Check Expectation Setting Orientation Clinical Guidelines Groupings & Schedule Performance Evaluation Checklist (VLE) Ward 7 Orientation Video (VLE) In-person Hospital Orientation (NCMH)	Create a Google Drive folder for secondary papers with the following: Psych Assessment Papers NCP & Nurses' Notes (per day) Student Journal/Diary
Day 1	Ward Orientation Observation of Ward Activities Patient Assignment and Rapport Setting	Student Diary Assign the following: - Group Leader/ Coordinator Medication Nurse** - (Day 2-6) Facilitator of Ward Exercise - (Day 2-6) Facilitator of Group Psychoeducation
Day 2-3	Preparation of Medications** Establish a nurse-client relationship Review of the client's psychiatric history Assess the client's mental health state Group Psychoeducation Documentation Ward conference with faculty	Submit the following: a. Psychiatric History b. PE c. MSE d. Drug study e. Laboratory study f. Nursing Care Plan (standard format) g. Nurses' Notes h. Student Diary
