## N - 110: DISASTER NURSING

MidYear, AY 2024 - 2025

### ACTIVITY 3 GUIDE

#### Impact of Disaster

**Disaster impact** is the total effect, including negative effects (e.g., economic losses) and positive effects (e.g., economic gains), of a hazardous event or a disaster. The term includes economic, human and environmental impacts, and may include death, injuries, disease and other negative effects on human physical, mental and social well-being (United Nations Office for Disaster Risk Reduction (UNDRR), 2017). Identifying and defining the impact of disasters are critical to disaster risk management and serve as beginning points in disaster impact analysis.

#### Learning Objectives:

In going through this activity, you should be able to:

1. Identify or define the negative and positive impact of disasters based on core indicators or identified sectors or areas of concern.
2. Provide specific examples illustrating the impact or effect of disasters
3. Summarize the potential **implications on health**

#### Instructions and Tasks: *This is a group activity*

1. Using the template provided:
  - a. Identify the impact of disaster events (based on assigned global or local category of disasters);
  - b. provide an example (data or evidence) of the effects or impact identified, including the name and type of disaster and location/affected area
  - c. The evidence should be annotated or referenced.
2. From your group work, derive the possible implications to health.
3. A shared worksheet (in Google doc) will be provided per group through a link to be posted in the course site. Only the group members assigned to that worksheet will have access including the assigned faculty for giving comments/suggestions. Your contribution to the assignment will be monitored through the document version history and comment history. Please do not remove or delete the shared Google doc.
4. For the *final version of your assignment*, **download and post this in the N110 course submission bin**. The format for this assignment will be uploaded in the course site.
5. Cite your references using the APA format.

**Expected Group Output:** An *annotated tabular presentation* of the impact of disaster (in PDF format).

Use the following Filename in submitting your group's output:
